

ACKNOWLEDGMENTS

Many people gave tangible help and assistance while I worked on this book. Immediate thanks go to several individuals, chief among them my former co-author, the late Dr. David Faris, the late Judith L. Osborn, Michael Welch of California, Barbara Wright of Virginia, and my six children, Wayne H. II, Elizabeth, Avyette, Mary, Joan, and William M. Richardson. Without their support and encouragement, this book would not have been possible. I owe a particular debt of gratitude to the many people who read this work in draft stage and made valuable additions, corrections, and suggestions, especially Maryan Egan-Baker, Warren Bitner, Michel Call, Richard Hansen, Marshall Kirk, Marlyn Lewis, David Nelson, Chris Phillips, John Ravilious, Gary Boyd Roberts, and Renia Simonds. Special thanks also go to my editor, Kimball G. Everingham, who created the book's bibliography (list of sources); to my daughters, Avyette, Mary, and Joan, who prepared the index and checked the cross references; to Don Stone, who suggested the frontispiece for this book; and to Warren Page, who provided technical computer assistance. Lastly, Steven Peterson, of Aware Media Management, provided invaluable assistance on innumerable technical and digital production matters.
